

## South Korea Credits

When researching courses in South Korea please note that semester 1 runs from March to June (UK semester 2) and semester 2 runs from September to December (UK semester 1). A second year student at The University of Manchester should enrol on Level 2/Level 3 courses in South Korean universities.

All guidance on credit load is based on a student replacing 60 University of Manchester credits per semester. Students will also need to be mindful of minimum credit requirements for full-time status for visa requirements.
